

May, 2010

Dear Parents,

Please be aware that these summer titles are available in libraries and need not be purchased, also the titles on the curricular booklist may sometimes be found in libraries or purchased used. Several have been purchased in freshman year for continued use for the sophomore, junior or senior years. (Such titles are noted on the Follett website as "Previously Purchased" and should be kept for class use.) We have also changed some of the books used in 2009-2010 for less expensive or previously purchased works in an effort to keep book costs down. As always, each student receives an Illinois State loan Textbook as the beginning of the school year for her literature study during the academic year.

**Mother McAuley Liberal Arts High School
