**McAuley Hikes for Hunger**

Members of McAuley's Action/Reaction hit the streets on Sunday, October 15, 2006 in the Crop Walk held downtown along the lakeshore to help end hunger. The street of downtown Chicago were ringing with laughter and filled with energy as 120 students from Mother McAuley Liberal Arts High School walked the 10K. The girls exceeded their fundraising goal of \$4000 and raised \$5,300.

The Action/Reaction group is a service based organization that works towards encouraging a more just political and socioeconomic society. The group has more than 400 members from all four levels. Throughout the year, Action/Reaction participates in various service activities including soup kitchens, Christmas caroling and making Easter baskets for disadvantaged children in the Chicagoland area. Mr. Robert Rabe, theology faculty member, is the moderator of the group.
